

BACKYARD[®]

Technologies

EXPERIENCE THE DIFFERENCE

With our Pool cage Hurricane Protection System, you can enjoy peace of mind knowing your pool enclosure is protected by a reliable, high-performance solution against Wind. Trust in a system that delivers strength and stability when you need it most.

WHY CHOOSE BACKYARD-TECHNOLOGIES

- ✓ Withstands up to 185 mph wind gusts
- ✓ resist tension and compression
- ✓ 3,500 lbs. of uplift resistance
- ✓ high quality with German Craftmanship
- ✓ Immediately ready for use (after installation)
- ✓ Marine powder coated
- ✓ low-profile storage

At Backyard Technologies, we're on a mission to ensure your pool cage is as secure as your home.

Homeowners often overlook the vulnerability of pool cages while securing their houses. Not anymore! We specialize in top-notch security solutions for pool cages. Our expert team fortifies your pool enclosure against strong winds.

With innovative techniques and premium materials, you can trust us to safeguard your pool cage, offering peace of mind and protecting your investment.
